Over the last number of years, it has been our desire to replace the existing kitchen and dining room at Faith Bible Camp. The existing building has served us well for almost 50 years, but upgrades are becoming increasingly challenging and expensive, leading to an important decision to make firm plans to replace this facility.

Under the guidance of the Faith Bible Camp Board of Directors, we have been moving the development of this project along. Bob Stenzil was added to the FBC Executive Committee as the team leader. Our project objective is to design and construct a new single season kitchen and dining room facility to be located in the present location with a dining room seating capacity of 150 persons using the design/build method of delivery and to have the new facility completed for use for the 2018 camp year. This will require construction to begin by September 2017 and a firm decision to move ahead by April 2017. The current estimate for this project is \$1.5 million.

The Board of Directors has established the following policy on financing the project:

- By April 1, 2017, that we raise 1/3 of the total estimated cost of the project in actual donations or commitments of future donations on an annual basis for up to 10 years.
- By June 2018, when the project is scheduled for completion, a further 1/3 of the funds must be raised in either actual donations or commitments.
- That both the short term and long term financing required be arranged before April 1, 2017.

The critical next step for which we are in prayer and desire your help is to raise approximately \$500,000 in gifts and future commitments by individuals and churches connected with Faith Bible Camp by April 1st. In faith, we will then move ahead to green light this project and seek the Lord's help in His provision of funds faster than we desire.

Individuals who would like to make a donation toward this project should send gifts and commitments to:

**Faith Bible Camp
Attention: Myron Fiks

Winnipeg, Manitoba R3R 1K6**

Pledge cards are available on our website for individuals who prefer to use them. All donations and commitments to donate will be recorded in a confidential log. If you are making a commitment to donate in the future, please be specific as to when it will be received. This will help us ensure our bills are paid on time. A tax receipt will be issued for all donations received in the year they arrive.

Please pray with us in accordance with God's will, that the Lord would be glorified both in the work that has gone on at camp and in the work that will take place at camp this year and in the years to come. Pray that the Lord would supply the necessary funds for this project and the arrangements of both short and long-term financing.

Your servants in Christ,

John Nicolas

On behalf of the FBC Executive Committee
